Getting started with Libby

With Libby, you can enjoy free ebooks, digital audiobooks, and magazines from your library. All you need is a library card.

Step 1

Download or open Libby on your device:

- iOS devices: Apple App Store
- Android devices: Google Play
- Amazon Fire tablets: Amazon Appstore
- Windows, Mac, and Chromebooks: libbyapp.com

  Note: *libbyapp.com works best in up-to-date versions of Chrome, Safari, Firefox, and Edge.*

Step 2

In Libby, follow the prompts to find your library and sign in with a library card.

To add a library card to Libby, tap **Library** , then follow the prompts at the top of the screen.

Step 3

Browse your library's catalog, then borrow a book or audiobook or open a magazine.

Your selection will vary based on your library, since each library chooses what titles and formats to offer in Libby.

Step 4

Borrowed titles appear on your **Shelf** . You'll also find your magazine subscriptions and kept magazine issues on the Magazine Rack on your **Shelf**.

Book and audiobook loans are downloaded to the app automatically when you're connected to Wi-Fi, so you can read them when you're offline. To save space on your

device, magazines don't automatically download, but you can manually download individual issues.

On your **Shelf** ⬚, you can:

- Tap **loans** (at the top of the screen) to only see your book and audiobook loans.
  - Tap **Read With...** to choose where you'd like to read a book (Kindle or Libby), then finish sending to Kindle (U.S. libraries only) or start reading in Libby.
  - Tap **Open In Libby** or **Open Audiobook** to start reading or listening in the app.
  - Tap **Manage Loan** to see options like **Renew Loan** and **Return Early**.
- Scroll down to the Magazine Rack to see your magazines:
  - Tap a magazine's cover to start reading.
- Tap ⬚ to see options, like **Download** (mobile app only) and **Subscribe**.
